EVENT CENTER

The Idle Hour is the ideal **Lake Tahoe** wedding and event venue for hosting a special event or casual get-together. From unforgettable weddings to holiday office parties, family reunions, and more, a venue on the edge of Lake Tahoe is the perfect place to create memories and celebrate with friends and family.

Groups of up to 125 guests can be accommodated.

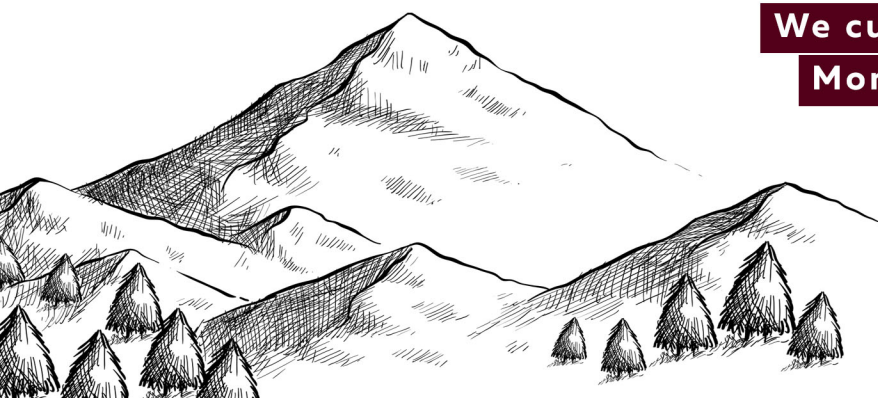

Reserving space is easy and planning is seamless at one of the most beautiful locations in Lake Tahoe. We are the only venue that offers a lake-side patio terrace. The event center has a capacity of 90 for formal seating. The patio terrace has a capacity of 40 with casual seating and 60 for formal seating.

Our venue includes our patio terrace with fire pits, our large event center, and two private restrooms. We also include tables, chairs, set up, break down, clean up, as well as an available Bar with set up, break down, and clean up..

We work with many caterers that know our venue and have been our preferred vendors for years. They provide a variety of options ranging from light/heavy appetizers, brunch buffets, and formal plated dinners. You may also use a caterer of your choice for an additional charge of \$250. Our bar is completely customizable with many options. DJs, live music, florists, and specialty desserts are welcome and add an extra level of customization so long they follow our guidelines and limitations.

To book with us we require 1/2 the estimate as a deposit. We will charge the remainder of the balance at the end of the event with any additional charges that accrue (bartender fee, corkage, additional time, etc) with a service charge where applicable.
